Totals

6184

Note 1: Holdings: "x" indicates John Bond has a copy; plus sign "+" indicates Ottawa Public Library (Ottawa Room/periodicals) has a copy, "o"/"oo" indicates Ottawa South Community Association (OSCA) has a/multiple copy(ies), "ø" indicates OSCA has a damaged copy. Starting in October 1998 the number of copies is given a numerical value.

Note 2: Volume sequence skips here. See also volume 20 (1992) when various mis-numberings occur, volume 22 (1995) when it jumps from vol.22 to vol.27, and volume 30 (1997) when it jumps back from vol. 30 to vol.25.

Note 3: OSCAR was not published during the 1983-84 year. At a special community-wide meeting at the Firehall in July of 1984, a group of citizens came to the conclusion that the most important community problem at that time was the lack of our own paper. The only recommendation to come from that meeting was a resolution to re-establish OSCAR.

Note 4: Nov. 1992 to Mar. 1993 are all mis-numbered. Editor Catherine Allen used a creative volume numbering system.

Note 5: Since Feb. 1994 the paper has been titled as "The OSCAR"

Note 6: Here, for no apparent reason, the printed volume numbers jump from "22" to "27"; see also the jump from "30" back to "25"

Note 7: Since November, 1997, the volume designations have reverted from "30" back to "25".

Note 8: (ca 1998) Sandra Burrows, retired newspaper specialist with the National Library of Canada, had said they do not have a copy of OSCAR vol. 1, no. 1 (nor a copy of the first Ottawa South Report, 1993). The NLC has a policy to collect first editions of newspapers such as ours. She would like us to send her a full-sized, photocopy if possible (for both OSCAR and the OS Report). Her mailing address is: Research & Information Services, NLC, 395 Wellington, rm. 227, Ottawa, K1A-0N4. She also said that OSCAR's ISSN (International Standard Serial Number) is: 0715-5476 and should appear on each printed copy.

2008/02/07 (.IMC): I AC should now have vol. 1, no. 1, as per correspondence from David Rouse

Note 9: Another Special Note: Lorraine Lewis, supervisor of periodicals with the Ottawa Public Library (OPL), has said they also would like copies of OSCAR for the issues they are missing (all those without the "+" sign, listed above). She would want to include Thomas Rooney, Ottawa Room Librarian, with any discussions of significance involving cooperation between us and them about OSCAR back issues (The back issues belong to the OPL's Ottawa Room; Lewis keeps them because of lack of space in the other room.)

Note 10: John Bond's collection of OSCARs is the largest single holding of early OSCARs. In total, there are about 5000+ pages of back-issue. We are currently missing 5 of the back issues which were published.

Note 11: OSCA copies numbered vol. 22 in pen.

Note 12: In Jan. 2004, Norma changed the volume number back to 30 from 31 to reflect the year of publication.
